

SANDEEP R

+91 9384187963 | sandeeprajasekar361@gmail.com | [Portfolio](#) | [LinkedIn](#) | [GitHub](#)

Education

Bachelor of Engineering in Computer Science and Engineering

College of Engineering Guindy, Anna University, Chennai, TN

Aug. 2024 – Present

CGPA: 8.93 / 10

Higher Secondary Certificate (Class XII)

Jai Saradha Higher Secondary School, Tirupur, TN

Jun. 2023 – Mar. 2024

Percentage: 96.1%

Skills

Languages: C, C++, JavaScript, Python, Java, SQL

Frameworks: React, Angular, Node.js, Express.js, Flask (currently learning)

Databases: MongoDB, SQL

Tools & Platforms: Git, GitHub, VS Code

Core CS: Data Structures & Algorithms, OOP, DBMS, Machine Learning (currently learning)

Projects

Research & Guide Hub | *React, Angular, Node.js, Express, MongoDB* | [React](#) | [Angular](#) | [GitHub](#)

Present

- Developed a dual-interface research management system comprising a React-based student portal and an Angular administrative dashboard, backed by a unified Node.js/Express RESTful API with MongoDB.
- Implemented secure JWT authentication and custom middleware to restrict administrative workflows, streamline faculty-student correspondence, and manage academic milestone tracking.

Sudoku Web Application | *React, Node.js, Express, MongoDB* | [Frontend](#) | [Backend](#) | [GitHub](#)

Present

- Designed and deployed an interactive Sudoku engine featuring multi-difficulty puzzle generation, real-time error detection, strategic hint algorithms, and an automated step-by-step solver visualization.
- Integrated user profile persistence to track performance analytics, best completion times, activity statistics, and automated daily puzzle updates.

Crime Project | *Python, Flask, React, scikit-learn, Pandas* | [Frontend](#) | [Backend](#) | [GitHub](#)

Present

- Engineered an interactive dashboard using React and GeoJSON to visualize crime metrics across 5,700+ Indian districts through dynamic choropleth mapping, state-level filtering, and safety score predictions driven by a Random Forest ML model.
- Architected a full-stack Flask API backend utilizing Pandas for data aggregation, demographic risk modeling, Matplotlib analytics rendering, and automated ReportLab PDF generation for downloadable regional safety insights.

Leadership & Extra Curriculars

National Sports Organisation (NSO)

Present

Student Member

College of Engineering Guindy, Chennai, TN

- Engage in structured athletic conditioning programs and represent the institution in competitive inter-departmental sporting events.

Class Representative

2nd Semester

College of Engineering Guindy

Chennai, TN

- Served as the primary liaison between academic faculty and the student cohort to facilitate curriculum scheduling, administrative messaging, and academic conflict resolution.

Languages

English (Professional), Tamil (Native)

Relevant Coursework

Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Digital System Design, Machine Learning (currently learning).
